Dear Valued Vendor

RE: Remitting ACH / EDI payments

We value our business relationship and as a valued trading partner/client, we wanted to make you aware that we are able to accept ACH/EDI payments. Please contact your financial institution if you have questions regarding your ACH/EDI payment initiation capabilities.

If you are able to send payments via ACH/EDI, please use the following account number and routing number may be used to pay us via ACH / EDI:

Account Number: **69314454**
Routing Number: 021052053

Please Note: The 021052053 is a valid ACH routing number for a service PNC Bank uses called UPIC. This routing information is NOT valid for wire transfer payments.

Here are several reasons to consider electronic payment via ACH:

- Paying via the ACH is more reliable and safer than putting your check in the mail.
- With ACH, the payment date is predictable as you determine the date that your payment is received by our company.
- Payment via ACH is environmentally friendly.

Sincerely,

Jackie Philp
